

" The Ultimate In Outdoor Design"

"GO GREEN"

Overlay Systems are Eco-Friendly

....is the choice when used over existing concrete to resemble Slate, Flag Stone, Natural Stone, Brick, Slate Textures & so much more.....

"Stamped Overlay" is applied 1/4-3/8 of an inch thickness over existing stable concrete surfaces. Stamped Overlays can be Stamped, Colored, Scored & Textured to look like Natural Stone, Slate & Granite. This can be done without the expense of removing your existing concrete. So you can turn ordinary concrete into exciting Stamped & Textured finishes. Available in many colors & whatever your imagination can dream up.

Stamped Overlays are non-skid, low maintenance & have incredible surface strength qualities.
